-The need for a public library becomes every day more apparent. Mra-Adams, who has charge of the rem-nant of a library in the Odd Fellows' building, says she has numerous calls every day for standard and for new works which cannot be supplied. It is not the fault of the Odd Fellows. They generously give the public the free use of what books they have and employ a librarian in the bargain. It is not expected that they will keep the library up by the purchase of new works.
